Staff..

It is with great appreciation that I am extending my deep love and appreciation for your kindness and diligent performances you all performed with such love and loyalty to The McLean Family. The moments we experienced for everytime we meet was with such love and passion. ~~so~~ effortless. 😊.

We will always cherish the time spent with us with such love and passion to see this untimely experience we all endured together. How fortunate it was to have met caring people as all of you were to us. Thank you all very much. I am enclosing \$300 for a delightful dinner together and with great appreciation for the passion you showed to us SKIP; "What a Guy". You are the Best; Much Love,  
The McLean Family.
